MISSION STATEMENT - DEPARTMENT OF ATHLETICS

The Mission of the Athletic Department of the College of the Holy Cross is to promote the intellectual, physical, and moral development of students. Through Division I athletic participation, our young men and women student-athletes learn a self-discipline that has both present and long-term effects; the interplay of individual and team effort; pride and self esteem in both victory and defeat; a skillful management of time; personal endurance and courage; and the complex relationships between friendship, leadership, and service. Our athletics program, in the words of the College Mission Statement, calls for "a community marked by freedom, mutual respect, and civility."

Besides teaching these virtues, a few sports played at Holy Cross have the added value of focusing alumni and student support and enhancing our reputation locally and nationally. While Holy Cross continues to commit itself to accomplishment in these sports, which are a rich part of our tradition, we choose to do so in a way that complements the pursuit of academic excellence.

Holy Cross is committed to the guiding principles of the Patriot League, of which we are a founding member: presidential control of athletics; the cultivation of the ideal scholar-athlete; and participation in a wide variety of sports. Commitment to the last principle assures that the College sponsors, in a very evident way, gender equity.

The department of athletics is also committed to compliance with all College policies and regulations involved in Division I membership in the National Collegiate Athletic Association and the Eastern College Athletic Conference. As a member of the NCAA, Holy Cross also advocates student-athlete welfare, diversity, gender equity, sportsmanship, and ethical conduct in its athletic programs.

ABOUT HOLY CROSS

Holy Cross is renowned for its academic excellence and mentoring-based, liberal arts education in the Jesuit tradition. An exclusively undergraduate institution with just over 2,700 students, Holy Cross is the oldest Catholic college in New England. Founded in 1843 in Worcester, Massachusetts, the campus occupies 174 beautifully landscaped acres, featuring traditional and contemporary architecture, state-of-the-art facilities, and striking views from atop Mount St. James.

Academic life at Holy Cross is serious, challenging, and exciting. Student-professor exchanges in the classroom, as well as in countless informal settings, are at the center of academic life at Holy Cross. With a student-faculty ratio of 11:1, the opportunity for individual attention is readily available. Few classes exceed an enrollment of 40, and most average 19.

Holy Cross professors are widely respected in their academic specialties. Many have national reputations for their research and publications, creative performances, recordings, and exhibitions. Almost all of the nearly 280 full- and part-time faculty members hold doctoral degrees from some of the finest universities here and abroad.

Among the major academic facilities on campus are Dinand Library (which, along with three other specialized libraries on campus, has total holdings of 601,730 volumes); Iris and B. Gerald Cantor Art Gallery (with a regular schedule of world-class exhibitions); Brooks Concert Hall (acclaimed by performers and acoustical experts as one of the finest medium-sized performance spaces in the region); St. Joseph Memorial Chapel (built in 1924 and containing the recently renovated McCooney Chapel on the lower level); Hogan Campus Center (with bookstore, post office, coffee lounge, cafeteria, and pub); Carol and Park B. Smith Hall (housing the Center for Religion, Ethics and Culture and the Rehm Library); the Multimedia Resource Center in Edith Stein Hall; and the science complex in Haberland, O'Neil and Swords Halls.

Coeducational since 1972, Holy Cross enrolls a student body of proven accomplishment. Almost all graduated in the top 20 percent of their high school classes. Most live in 10 residence halls on campus, all fully connected to the College's computer network. Students, elected by their peers, represent their classmates at faculty meetings, on major College committees, and in a consultative capac-

ABOUT HOLY CROSS

ity on the appointment and promotion of faculty. There are more than 100 co-curricular offerings on campus and diverse opportunities for innovative academic options such as the First-Year Program, community-based learning, Washington Semester, internships, and full-year study abroad.

Holy Cross integrates faith and knowledge with an emphasis on service, in keeping with the Jesuits' commitment to educate "men and women for others." A distinguishing and all-important characteristic of education at Holy Cross is the emphasis placed upon the service of faith and the promotion of justice. The Office of the College Chaplains advises Student Programs for Urban Development (SPUD), which is the largest student organization on campus. More than 450 students are involved in 37 direct-service programs in Worcester.

The athletics program has a storied tradition that continues today with 27 varsity sports and charter membership in the Patriot League, recognized for its development of scholar-athletes. The College sponsors many clubs and intramural sports programs, and has excellent athletics facilities, including a football stadium, hockey

rink, and the Hart Recreation Center, home to the basketball, swimming, hockey, and volleyball teams. The Smith Wellness Center includes a specialized strength and conditioning facility for varsity student-athletes, as well as aerobic equipment and workout areas for the general student body.

The College offers focused preprofessional advising programs for students interested in medicine and health, law, business, and engineering. The results for successful postgraduate study are well-documented:

- Graduates are admitted to medical school at rates better than twice the national average;
- Each year, more than 100 Holy Cross graduates enter law schools accredited by the American Bar Association – one of the highest rates in the nation;
- Holy Cross is in the top 3% of four-year colleges in the number of students going on to earn doctorates;
- Holy Cross students have won Rhodes, Truman and Marshall scholarships, Watson fellowships, Fulbright grants and many other awards;
- More than 10 percent of Holy Cross alumni are currently practicing medicine.

Among the many Holy Cross alumni with stellar records of achievement are a Nobel Laureate; three Pulitzer Prize winners; two members of the National Basketball Hall of Fame; a U.S. Supreme Court justice; a U.S. Poet Laureate; numerous members of the U.S. Congress; hundreds of journalists, authors, and media commentators; and countless CEOs, educators, and business and community leaders.

FIRST-YEAR PROGRAM

The innovative First-Year Program brings together 160 first-year students and a group of distinguished teachers from different disciplines to discover and embrace these connections in a living-and-learning community. Through co-curricular seminars, readings, talks, retreats and excursions, participants explore enduring intellectual and ethical questions. The program’s activities are as varied as climbing Mt. Monadnock, questioning a panel of distinguished journalists about media ethics, and hearing Branford Marsalis perform. In addition, First-Year Program students reside together in Hanselman Hall to enhance opportunities for community bonding and building.

COLLEGE HONORS

In the College Honors Program, academically accomplished students pursue multidisciplinary studies in the natural sciences, social sciences, and humanities. Guided by rotating faculty experts, students regularly meet and work to explore how knowledge from different areas can be tested and integrated across disciplines. The program incorporates an honors colloquium – a series of interdisciplinary discussions – and a thesis. Honors students publicly present their findings at the annual academic conference, a highlight of the academic year.

WASHINGTON SEMESTER

Each semester, 15 juniors and first-semester seniors are accepted into a highly selective program in the nation’s capital. Students work with members of Congress or federal agencies, assist advocacy and public policy groups, and explore up-close the arts, history and culture of Washington, D.C. With support from their Holy Cross advisor, students pursue internships that consist of four, full work days, and a public policy seminar one night each week. On the fifth weekday, they conduct independent research for their Washington thesis paper.

STUDY ABROAD

Students looking to broaden their Holy Cross experience have an excellent opportunity to do so through the Study Abroad program. Year-long programs provide qualified students with exciting and fully credited extensions of the College’s curriculum at participating universities in: Australia, Austria, Cameroon, England, France, Germany, Greece, Ireland, Italy, Japan, Mexico, Peru, Scotland, Spain and Russia. One-semester programs are also available in China and Sri Lanka. Third-year students in good academic standing live with host families, and take courses and exams alongside foreign students in their native language. Deepening the cultural experience, students complete an independent study project in the local community to ensure close interaction with the people of their chosen countries.

COMMUNITY-BASED LEARNING

Through a generous endowment established by its namesake, Joseph P. Donelan II, the Donelan Office of Community-Based Learning provides a directorship to establish connections between courses across the College curriculum with internship sites in the Greater Worcester Area. In keeping with the College’s social mission to prepare students to be “men and women for others,” Community-Based Learning enables students to be of service to the community while enhancing their understanding of course material.

Worcester, the economic and social center of central Massachusetts, is New England's third-largest city with a population of 170,000. Holy Cross is one of the area's 13 colleges and universities, which together make an enormous impact on the area's culture and economy. Boston, Springfield, Hartford, and Providence are all about a one-hour drive. New York City is less than four hours away; Cape Cod and the Atlantic Ocean are less than two hours from Worcester; and the mountains of Vermont and New Hampshire can be reached in about three hours. Skiing is available at nearby Wachusett Mountain, and water sports enthusiasts can enjoy the hundreds of rivers and lakes in the area, including Lake Quinsigamond.

Primarily an industrial city through the mid-twentieth century, Worcester has emerged as an educational, medical, health care, cultural and entertainment center. An expanded business and commercial base, and the recent addition of a variety of high-technology companies and growing biotechnology research parks, have made Worcester attractive to expanding companies. Downtown Worcester stands on the brink of a dramatic renaissance with a new hotel attached to the convention center, new courthouse and major housing and retail projects all in the works.

Worcester is home to the DCU Center, a 13,000 seat arena that features big-name rock bands; Mechanics Hall, a world renowned venue for opera, Jazz, blues and classical concerts; and the Worcester Art Museum, internationally known as one of the finest small museums in the United States. Other museums include the Higgins Armory Museum, a repository of Medieval arms and armor; Ecotarium, which combines the features of a science museum, planetarium and a zoo; the headquarters of the American Antiquarian Society; and Worcester Historical Museum.

After a \$40 million restoration project, the historic Union Station now serves visitors and commuters via MBTA regional service and Amtrak national service.

Worcester has world-class dining, ethnic restaurants and diners, coffee houses, bookstores, shopping, parks, and recreation — all within easy reach of campus.
