continues to commit itself to accomplishment in these sports, which are a rich part of our tradition, we choose to do so in a way that complements the pursuit of academic excellence.

Besides teaching these virtues, a few sports played at Holy Cross have the added value of focusing alumni and student support and enhancing our reputation locally and nationally. While Holy Cross continues to commit itself to accomplishment in these sports, which are a rich part of our tradition, we choose to do so in a way that complements the pursuit of academic excellence.

Holy Cross is committed to the guiding principles of the Patriot League, of which we are a founding member: presidential control of athletics; the cultivation of the ideal scholar-athlete; and participation in a wide variety of sports. Commitment to the last principle assures that the College sponsors, in a very evident way, gender equity.

The department of athletics is also committed to compliance with all College policies and regulations involved in Division I membership in the National Collegiate Athletic Association and the Eastern College Athletic Conference. As a member of the NCAA, Holy Cross also advocates student-athlete welfare, diversity, gender equity, sportsmanship, and ethical conduct in its athletic programs.

MISSION STATEMENT - DEPARTMENT OF ATHLETICS

The Mission of the Athletic Department of the College of the Holy Cross is to promote the intellectual, physical, and moral development of students. Through Division I athletic participation, our young men and women student-athletes learn a self-discipline that has both present and long-term effects; the interplay of individual and team effort; pride and self-esteem in both victory and defeat; a skilful management of time; personal endurance and courage; and the complex relationships between friendship, leadership, and service. Our athletics program, in the words of the College Mission Statement, calls for “a community marked by freedom, mutual respect, and civility.”

Besides teaching these virtues, a few sports played at Holy Cross have the added value of focusing alumni and student support and enhancing our reputation locally and nationally. While Holy Cross continues to commit itself to accomplishment in these sports, which are a rich part of our tradition, we choose to do so in a way that complements the pursuit of academic excellence.

Holy Cross is committed to the guiding principles of the Patriot League, of which we are a founding member: presidential control of athletics; the cultivation of the ideal scholar-athlete; and participation in a wide variety of sports. Commitment to the last principle assures that the College sponsors, in a very evident way, gender equity.

The department of athletics is also committed to compliance with all College policies and regulations involved in Division I membership in the National Collegiate Athletic Association and the Eastern College Athletic Conference. As a member of the NCAA, Holy Cross also advocates student-athlete welfare, diversity, gender equity, sportsmanship, and ethical conduct in its athletic programs.
RECRUITING INFORMATION

CORRESPONDENCE
It is important for prospective student-athletes to get in touch with head coach Mike Lucas as soon as possible. A simple letter of inquiry into the tennis program will initiate the recruiting process. The spring of your junior year or early senior year is the most appropriate time to contact coach.

INTERVIEWS
Students are strongly encouraged to have admissions interviews. The office offers interviews from the summer until January 15. Alumni interviews in most metropolitan areas are available. Students must first submit an application and indicate they would like an alumni interview before December 15.

EARLY DECISION
Students who are absolutely, 100% confident Holy Cross is their top college choice are encouraged to apply during the Early Decision process.

FINANCIAL AID
All financial aid is awarded on the basis of need. Prospective student-athletes should complete the CSS “Profile Form” in early Fall.

CLEARINGHOUSE
The NCAA mandates that all student-athletes interested in competing at the Division I or II level must be certified through the NCAA Initial Eligibility Clearinghouse. Contact high school coaches, athletics director or guidance counselor for necessary registration forms.

TELEPHONE CALLS
As per NCAA by law 13.1.3.1, institutional staff members may not telephone a prospect (or the prospect’s relatives or legal guardians) prior to July 1 following the prospect's completion of the junior year in high school. After July 1, institutional staff members may telephone a prospect once per week (measured Sunday through Saturday). The once-per-week limit applies to the entire institution.

VIDEO TAPES
In an attempt to make an accurate assessment as soon as possible, it is recommended that videotapes be forwarded to Head Coach Mike Lucas’ attention as soon as possible. The video need not be an elaborate production. Some simple game or practice tape is sufficient with you being easily identified.

CONTACTS
As per NCAA by law 13.02.3, a contact is any face-to-face encounter between a prospect or the prospect’s parent or legal guardian and an institutional staff member or athletics representative during which any dialogue occurs in excess of an exchange of a greeting. Any such face-to-face encounter that is prearranged or takes place on the grounds of the prospect’s high school, or at the site of organized competition or practice involving the prospect's high school, preparatory school, two-year college, or all-star team is considered a contact, regardless of the conversation that occurs. We are limited to three off-campus contacts per prospective student-athlete.

EVALUATIONS
As per NCAA by law 13.02.6.1, an evaluation is any off-campus activity designed to assess the academic qualifications or athletic ability of a prospect, including any visit to a prospect’s educational institution (during which no contact occurs) or the observation of a prospect participating in any practice or competition at any size. We are limited in our number of evaluations per prospective student-athlete.

OFFICIAL VISITS
According to NCAA by law 13.7.1.2, a prospect may not make more than five expense-paid visits to NCAA member institutions, regardless of the number of sports in which the prospect is involved. An institution may not provide an expense-paid visit to a prospect who has not presented the institution with a high school (or college) academic transcript and a score from a PSAT, an SAT, a PACTPlus, or an ACT test taken on a national testing date under national testing conditions.

UNOFFICIAL VISITS
According to NCAA by law 13.8.1, a prospect may visit an institution’s campus at the prospect’s own expense an unlimited number of times and may make an unofficial visit before the prospect’s senior year in high school.

ADMISSIONS AND IMPORTANT DATES

ADMISSIONS AND APPLICATIONS:
You can reach our Admissions Office by calling (508) 793-2443. To receive an application, please call or send a written request to: Admissions Office, College of the Holy Cross, 1 College St., Worcester, MA 01610.

CALENDAR:
A typical recruiting calendar for a prospective student-athlete interested in playing tennis would go something like this:
** Summer of 2006 -- make unofficial visits to schools of interest.
** September 2006 -- contact Head Coach Mike Lucas if Holy Cross falls within your top-five list of potential colleges.
** October of 2006 -- Head Coach Mike Lucas will be in contact regarding student-athlete’s interest and possible visit date.
** December 15 -- Deadline for Admissions Early Decision.
** January 15 -- Deadline for Admissions Regular Decision.

APPLICATION DEADLINES:
December 15 - Early Decision
December 15 - last day to request alumni interview (application needs to be postmarked by this date)
January 15 - Regular Decision
January 15 - last day for on-campus interviews

2005-2006 HOLY CROSS TENNIS
Mike Lucas is in his seventh season as head coach of the Holy Cross women’s tennis program and his fourth season as the head coach of the men’s tennis program. During his time with both the men’s and women’s teams at Holy Cross, Lucas has amassed 95 wins. Two years ago, he led the HC men to their first winning season in more than 20 years. In 2002-03, he led the HC women to a remarkable 18-2 record combined in the fall and the spring. The 18 wins in one season are the most in school history. In his first two seasons, Lucas led the women’s team to a 35-6 mark. The 35 wins are the highest victory total in back-to-back years in program history.

His enthusiasm for coaching and teaching has helped rejuvenate a tennis program that competes on the Division I level.

He has been the varsity boy’s tennis coach at Tantasqua High School in Sturbridge, MA for the past 12 years. In that time he helped develop one of the top high school tennis programs in the state, capturing nine straight conference championships.

Lucas has a wealth of playing and coaching experience. He has been a tennis teaching professional for over 13 years. He is also a certified member of the Professional Tennis Registry. In addition, Lucas is the founder/director of the Tennis Camp at Holy Cross and the Tantasqua Tennis Camp in Sturbridge.

Lucas is a 1990 graduate of Fordham University where he was a four year varsity letter winner in both tennis and squash under coach Bob Hawthorn, serving as a captain his senior year. In 1993 he earned a Master of Arts in Teaching degree from Boston College.

Lucas teaches History at Tantasqua Regional High School in Sturbridge, Mass. He and his wife Lydia reside in Brookfield, Mass. They have four sons; Alex (12), Patrick (11), Reilly (9), and Michael (5), and one daughter, Kelsie (2).

Holy Cross is renowned for its academic excellence and mentoring-based, liberal arts education in the Jesuit tradition. An exclusively undergraduate institution with just over 2,700 students, Holy Cross is the oldest Catholic college in New England. Founded in 1843 in Worcester, Massachusetts, the campus occupies 174 beautifully landscaped acres, featuring traditional and contemporary architecture, state-of-the-art facilities, and striking views from atop Mount St. James.

Academic life at Holy Cross is serious, challenging, and exciting. Student-professor exchanges in the classroom, as well as in countless informal settings, are at the center of academic life at Holy Cross. With a student-faculty ratio of 11:1, the opportunity for individual attention is readily available. Few classes exceed an enrollment of 40, and most average 19.

Holy Cross professors are widely respected in their academic specialties. Many have national reputations for their research and publications, creative performances, recordings, and exhibitions. Almost all of the nearly 280 full- and part-time faculty members hold doctoral degrees from some of the finest universities here and abroad.

Among the major academic facilities on campus are Dinand Library (which, along with three other specialized libraries on campus, has total holdings of 601,730 volumes); Iris and B. Gerald Cantor Art Gallery (with a regular schedule of world-class exhibitions); Brooks Concert Hall (acclaimed by performers and acoustical experts as one of the finest medium-sized performance spaces in the region); St. Joseph Memorial Chapel (built in 1924 and containing the recently renovated McCooey Chapel on the lower level); Hogan Campus Center (with bookstore, post office, coffee lounge, cafeteria, and pub); Carol and Park B. Smith Hall (housing the Center for Religion, Ethics and Culture and the Rehm Library); the Multimedia Resource Center in Edith Stein Hall; and the science complex in Haberlin, O’Neil and Swords Halls.

Coeducational since 1972, Holy Cross enrolls a student body of proven accomplishment. Almost all graduated in the top 20 percent of their high school classes. Most live in 10 residence halls on campus, all fully connected to the College’s computer network. Students, elected by their peers, represent their classmates at faculty meetings, on major College committees, and in a consultative capac-
Holy Cross integrates faith and knowledge with an emphasis on service, in keeping with the Jesuits’ commitment to educate “men and women for others.” A distinguishing and all-important characteristic of education at Holy Cross is the emphasis placed upon the service of faith and the promotion of justice. The Office of the College Chaplains advises Student Programs for Urban Development (SPUD), which is the largest student organization on campus. More than 450 students are involved in 37 direct-service programs in Worcester.

The athletics program has a storied tradition that continues today with 27 varsity sports and charter membership in the Patriot League, recognized for its development of scholar-athletes. The College sponsors many clubs and intramural sports programs, and has excellent athletics facilities, including a football stadium, hockey rink, and the Hart Recreation Center, home to the basketball, swimming, hockey, and volleyball teams. The Smith Wellness Center includes a specialized strength and conditioning facility for varsity student-athletes, as well as aerobic equipment and workout areas for the general student body.

The College offers focused preprofessional advising programs for students interested in medicine and health, law, business, and engineering. The results for successful postgraduate study are well-documented:

- Graduates are admitted to medical school at rates better than twice the national average;
- Each year, more than 100 Holy Cross graduates enter law schools accredited by the American Bar Association – one of the highest rates in the nation;
- Holy Cross is in the top 3% of four-year colleges in the number of students going on to earn doctorates;
- Holy Cross students have won Rhodes, Truman and Marshall scholarships, Watson fellowships, Fulbright grants and many other awards;
- More than 10 percent of Holy Cross alumni are currently practicing medicine.

Among the many Holy Cross alumni with stellar records of achievement are a Nobel Laureate; three Pulitzer Prize winners; two members of the National Basketball Hall of Fame; a U.S. Supreme Court justice; a U.S. Poet Laureate; numerous members of the U.S. Congress; hundreds of journalists, authors, and media commentators; and countless CEOs, educators, and business and community leaders.

UNIQUE PROGRAMS

FIRST-YEAR PROGRAM
The innovative First-Year Program brings together 160 first-year students and a group of distinguished teachers from different disciplines to discover and embrace these connections in a living-and-learning community. Through co-curricular seminars, readings, talks, retreats and excursions, participants explore enduring intellectual and ethical questions. The program’s activities are as varied as climbing Mt. Monadnock, questioning a panel of distinguished journalists about media ethics, and hearing Branford Marsalis perform. In addition, First-Year Program students reside together in Hanselman Hall to enhance opportunities for community bonding and building.

COLLEGE HONORS
In the College Honors Program, academically accomplished students pursue multidisciplinary studies in the natural sciences, social sciences, and humanities. Guided by rotating faculty experts, students regularly meet and work to explore how knowledge from different areas can be tested and integrated across disciplines. The program incorporates an honors colloquium — a series of interdisciplinary discussions — and a thesis. Honors students publicly present their findings at the annual academic conference, a highlight of the academic year.

WASHINGTON SEMESTER
Each semester, 15 juniors and first-semester seniors are accepted into a highly selective program in the nation’s capital. Students work with members of Congress or federal agencies, assist advocacy and public policy groups, and explore up-close the arts, history and culture of Washington, D.C. With support from their Holy Cross advisor, students pursue internships that consist of four, full work days, and a public policy seminar one night each week. On the fifth weekday, they conduct independent research for their Washington thesis paper.

STUDY ABROAD
Students looking to broaden their Holy Cross experience have an excellent opportunity to do so through the Study Abroad program. Year-long programs provide qualified students with exciting and fully credited extensions of the College’s curriculum at participating universities in: Australia, Austria, Cameroon, England, France, Germany, Greece, Ireland, Italy, Japan, Mexico, Peru, Scotland, Spain and Russia. One-semester programs are also available in China and Sri Lanka. Third-year students in good academic standing live with host families, and take courses and exams alongside foreign students in their native language. Deepening the cultural experience, students complete an independent study project in the local community to ensure close interaction with the people of their chosen countries.

COMMUNITY-BASED LEARNING
Through a generous endowment established by its namesake, Joseph P. Donelan II, the Donelan Office of Community-Based Learning provides a directorship to establish connections between courses across the College curriculum with internship sites in the Greater Worcester Area. In keeping with the College’s social mission to prepare students to be “men and women for others,” Community-Based Learning enables students to be of service to the community while enhancing their understanding of course material.

2005-2006 HOLY CROSS TENNIS

Prior to becoming president, Fr. McFarland was Dean of the College of Arts and Sciences at Gonzaga University in Spokane, Washington. He was at Gonzaga for four years, where he was also a professor of computer science.

Born in Boston in 1948, Fr. McFarland lived for a time in California and later graduated from Xavier High School (now closed) in Concord, Mass. He completed his bachelor’s degree in physics at Cornell University in 1969. He earned a master’s degree and Ph.D. in electrical engineering (computer engineering) at Carnegie Mellon University.

Fr. McFarland joined the Jesuits in 1975. He studied at the Weston School of Theology in Cambridge, Mass., and earned a master’s degree in divinity and Th.M. in social ethics. He was ordained in the St. Joseph Memorial Chapel at Holy Cross in 1984. Subsequently, he worked as a consultant for two years at the AT&T Bell Laboratories, doing research in computer-aided design of digital systems. He continued his research while teaching at Boston College for 10 years as an associate professor of computer science. In addition to creating new courses in ethics and computers, computer architecture and digital systems, he created a laboratory for digital electronics and developed tutorial materials for a course on computers in management.

Fr. McFarland has published articles in the Proceedings of the IEEE (the Institute of Electrical and Electronics Engineers), the IEEE Transactions on Computers, the IEEE Transactions on Computer-Aided Design of Integrated Circuits and Systems, Formal Methods for System Design, the Journal of Systems and Software, Computer, and Technology and Society. He was an associate editor of the IEEE Transactions on Computer-Aided Design of Integrated Circuits and Systems for three years and has been on numerous program committees for conferences such as the Design Automation Conference, the International Conference on Computer Design, the International Conference on Computer-Aided Design and the High-Level Synthesis Workshop.

In addition to his duties as Holy Cross’ president, Fr. McFarland sits on numerous local boards, including the Worcester Catholic Charities Board, the Worcester Municipal Research Bureau and the Board of Trustees at the University of Scranton.

Currently, Fr. McFarland is overseeing the College’s comprehensive, $175 million capital campaign, the largest in Holy Cross’ history.

Fr. McFarland enjoys running six days each week in his free time.
Worcester, the economic and social center of central Massachusetts, is New England’s third-largest city with a population of 170,000. Holy Cross is one of the area’s 13 colleges and universities, which together make an enormous impact on the area’s culture and economy. Boston, Springfield, Hartford, and Providence are all about a one-hour drive. New York City is less than four hours away; Cape Cod and the Atlantic Ocean are less than two hours from Worcester; and the mountains of Vermont and New Hampshire can be reached in about three hours. Skiing is available at nearby Wachusett Mountain, and water sports enthusiasts can enjoy the hundreds of rivers and lakes in the area, including Lake Quinsigamond.

Primarily an industrial city through the mid-twentieth century, Worcester has emerged as an educational, medical, health care, cultural and entertainment center. An expanded business and commercial base, and the recent addition of a variety of high-technology companies and growing biotechnology research parks, have made Worcester attractive to expanding companies. Downtown Worcester stands on the brink of a dramatic renaissance with a new hotel attached to the convention center, new courthouse and major housing and retail projects all in the works.

Worcester is home to the DCU Center, a 13,000 seat arena that features big-name rock bands; Mechanics Hall, a world renowned venue for opera, Jazz, blues and classical concerts; and the Worcester Art Museum, internationally known as one of the finest small museums in the United States. Other museums include the Higgins Armory Museum, a repository of Medieval arms and armor; Ecotarium, which combines the features of a science museum, planetarium and a zoo; the headquarters of the American Antiquarian Society; and Worcester Historical Museum.

After a $40 million restoration project, the historic Union Station now serves visitors and commuters via MBTA regional service and Amtrak national service.

Worcester has world-class dining, ethnic restaurants and diners, coffee houses, bookstores, shopping, parks, and recreation — all within easy reach of campus.
